

Garfield Harry

Photographer/Digital Artist

Self-taught, I've been photographing urban landscapes, still-life, nature, and conceptual/abstract subjects for over 30 years. I'm drawn to dramatic contrasts in theme, color, and light that evoke emotion. I look for moments of beauty often taken for granted; slices of beautiful reality missed by the masses.

Education

Bachelor of Arts in Economics, Queens College (**CUNY**)

Double Minor in Journalism and Studio Art
